1. Copies of Japanese references 441410 and 3267171 were not submitted with their 1449 Forms. Applicants are requested to provide copies of these references.
2. A statement setting forth the existence and status of the parent case needs to be inserted at the top of the first page of the disclosure.
3. Claim 43 is rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The disclosure does not teach what constitutes a "long time".
4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claim 43 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no disclosure of what constitutes a "long time", therefore the phrase is considered to be indefinite.

6. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
7. The rejections of claims 20,26,27,30-33 and 37-42 are repeated from the prior Office action (Paper No. 30).
8. The declarations of Mr. Tojo and Mr. Kurota have been considered, but are not considered to be persuasive. The declarations set forth differences between use of

Art Unit: 3726

strippable paint and conventional coverings that the examiner considers would have been readily apparent to one of ordinary skill in the art and therefore are not persuasive.

9. Arguments made by Applicants' attorney are considered to have been met by the comments in the rejection and the examiner's comments made in Paper No. 30.

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
